Mr. Schrier suggested the Program/Personnel Committee meetings be switched to quarterly meetings due to lack of information provided at the monthly meetings. Ms. Rupp suggested we move to every other month.

It was moved by Ms. Thomas, seconded by Ms. Natte to change the Program/Personnel Committee meetings to even numbered months beginning in April 2018.

MOTION CARRIED.

COMMUNICATION

Ms. Rupp shared the MYalliance 2018 report and other handout materials that are given to individuals in need of services. MYalliance System of Care (SOC) is a collaboration between

youth, families, schools, and other child-serving agencies aimed at improving community services for youth with complex needs. This effort focuses on increasing access to care and engaging youth with complex needs. This effort focuses on increasing access to care and engaging youth and families in designing the programs that serve them. The SOC approach helps youth experience improvements in mental health, school outcomes, substance use, and other areas of life. MYalliance emphasizes collaboration, cultural responsiveness, resilience development, and community engagement. Ms. Rupp also shared the process that the mobile response team now follows in regards to getting youth into these services.

DIRECTOR'S COMMENTS

Ms. Rupp shared her conversation that took place at this week's SIM meeting. She was discussing the agency's current practice in implementing the ACES questionnaire and consultants at the meeting shared with her that they were unaware that HealthWest was so involved in the process. The same consultants shared that they would like to distribute some of their funds to HealthWest to assist in the process. Ms. Rupp stressed the need for intervention money.

Ms. Rupp discussed the status of the 298 Pilot and that there were actually four CMHs that applied to be a Pilot. She believes all four will have to be chosen due to the fact that if the state received more than three RFIs, they will be required to do an RFP if they were to try to narrow it down and the legislature then will not pass it. In order to get the Pilot implemented, the State will likely accept all four agencies in order to avoid legislature.

AUDIENCE PARTICIPATION

Stephanie Umlor was welcomed and introduced to the Committee by Ms. Natte.

ADJOURNMENT

There being no further business to come before the board, the meeting adjourned at 8:35 a.m.
